## Diamonds are Forever

Anny's the manufacturing jewellers on the corner of Young and Wells Streets recently designed a beautiful diamond ring for me. Yes girls, I bought it for myself. Harry and Jonathan went to great

lengths to make sure it was what I wanted and I can honestly say it is gorgeous.

The ring was made up of 1x18k diamond ring and consisted of three bezel set diamonds in the centre surrounded by thirty four smaller pave set

diamonds. As they say diamonds are a symbol of wealth, status and truly are a girl's best friend.

I would highly recommend anyone to Anny's where their professional eye for detail is like no other, the ring speaks for itself.

Anny's are diamond specialists known for remodelling and designing engagement and wedding bands. You imagine and Anny's will create.

Thanks Harry & Jonathan for a very unique piece of jewellery.
