Hotel Sorrento

In 1871 when the original Hotel Sorrento was built there were only 22 dwellings in the Sorrento and Portsea area. By the end of the 19th century, Sorrento was the favourite watering hole of Victoria's rich and famous. Elegant and sumptuously appointed, the brand new Hotel Sorrento quickly became the heartbeat of Sorrento's holiday diversions. It's hand hewn limestone tower saw the steam tram come and go and watched 1000's of tourists disembark from a succession of elegant vessels

The grace and charm of the Victorian Age is still evident today in its sweeping staircases, gleaming woodwork, majestic mirrors and elegant décor.

Today guests also enjoy a magnificent restaurant, friendly bars, a sun terrace with sea views and much more. Enjoy a cool drink on the sun deck of the Limeburner's Bar whilst keeping an eye on the dolphins and you'll soon understand why it was voted the Best in Victoria. The award winning restaurant sources only the freshest produce in order to deliver top quality food at affordable prices with open fires, or private rooms for that special occasion.

Open for breakfast, lunch and dinner every day, with special kids meals and desserts to die for, you really should come & 'Sea' the difference at the Hotel Sorrento

The Grand Hotel Mornington

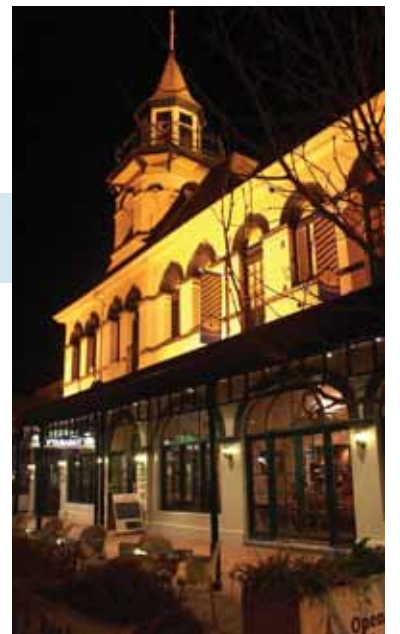

Listed as a building of historic value, its splendid tower visible for miles around, the Grand Hotel is the centrepiece of MainStreet - welcoming guests into its comfortable lounges, bars and 'state of the art' gaming rooms.

Celebrating Thirty Years and More! Since 1976 when Bernie Taylor took over the helm, he set about sympathetically renovating its façade, and modernising its interiors, with major renovations in 1978, 1988 1995 and 2003.

The Hotel quickly assumed a reputation for good value quality food and beverage and with nearly 400 premises licensed to sell food and liquor on the Peninsula these days Bernie believes that hotels still provide the best food value in the region.
