Nil by Mouth - Frankston Theatre Group

Frankston Theatre Group's next production, NIL BY MOUTH, promises to be the perfect treatment for your funny bone by the master of farce!

The play is written by John Chapman who also penned comedy classics "Shut Your Eyes & Think of England", "Keeping Down with the Joneses" and "Kindly Leave the Stage" presented by FTG 2 years ago.

Set in a London hospital, the overworked, understaffed doctors and nurses are doubly stressed as the National Health in its wisdom

have decided to close six hospitals in London and St Christopher's is on that list. Name tags are lost, people & illnesses are mixed up due to stress and under staffing - pandemonium ensues. Then the NH inspector wanders through the ward...
