

Learn To Bead at Funky Lula's

Funky Lula's Beads & Baubles, located behind Beaches Restaurant in Mornington, is home to some of the best classes Melbourne has to offer in the way of beading and wire work. It's a great place to start a new hobby (one that offers instant gratification in the way of beautiful jewellery!) and forge new friendships from the small, intimate class gatherings. Classes are all "one offs", most lasting only 1-1/2 hours, and you can usually wear your finished creations home!

The best therapy money can buy!!

Two of their newer classes introduce the ancient art of chain mail, including both the Flat Mesh Bracelet and the Byzantine Bracelet. Also on offer are Pearl Knotting, Wire Manipulation I and II, and the beautiful Bird Cage Necklace. The old favourites are still there too, including the Funky Cuff and the Funky Heart Brooch (featured in the current issue of Australian Beading magazine), and the Crochet Necklace is always a great way to put some of those old skills to good use in new ways!

Classes are held every week on Tuesday, Friday & Saturday mornings, & every Wednesday evening. Bookings are essential as space is limited, & the class selection is different every week.

Ring Funky Lula's on 5976 4747 for more information, or drop into the shop, where you can see samples from each of the classes on offer. Shop hours are Monday to Friday, 10 to 5, and Saturday, 10 to 4.

Scrapbooking Classes at Paper²

Paper Squared is the biggest scrapbooking store in Australia with a classroom that will seat over 40 in comfort. Classes are held regularly and crop nights are extremely popular on Tuesday and Saturday nights.

All classes are fully inclusive of all materials to be used with the exception of Basic Scrapbooking, where you pay for the materials used at the end of your class.

Crop nights are not classes as such, but a supervised get-together of scrap bookers, card-makers etc. who bring their own consumables (glue, etc) and have the use of die-cutting machines and cutting systems. Pizza is provided at the Saturday night Super Crop'n'Shop. Children must be at least eight years of age to participate in the Kid's Classes.

Paper² has the most comprehensive range of scrapbooking papers, embellishments,

stickers, albums and tools in Australia, with customers travelling from all over the country to visit this amazing store.

Card-makers will find everything they require in the store and those who need to make invitations will be stunned by the range of beautiful A4 papers, envelopes and seals.

Co Owners, Vicki and Linda have ideas for invitations, cards and scrapbooking layouts covering the walls so inspiration surrounds you when you visit this beautiful store.
