

HOME IMPROVEMENT

just got a whole lot easier

Adding or improving entertainment areas around the home need no longer be a major challenge.

You can now call on Lysaght Home Improvements, your local source of expert home improvement assistance.

With a laptop computer and special software that's unique in the industry, they can work with you at home to design the pergola, screened enclosure, conservatory or other special area that will let you make the most of what you've got.

As a wholly owned subsidiary of BlueScope Steel, one of Australia's largest companies, it also guarantees quality, integrity and state-of-the-art expertise.

The Lysaght Home Improvements approach combines all the skills and experience necessary to achieve outstanding results no matter what the challenge involves.

From council applications through to final construction and clean-up, each Lysaght

Home Improvements' structure is thoroughly checked and inspected at every stage.

Licensed private certifiers are used for the majority of structures, to expedite the council approval process.

Premium quality materials are used throughout, including steel from BlueScope Steel, Australia's leading steel manufacturer, as well as aluminium, timber and glass.

The Lysaght Home Improvements Showroom is located at 296-298 South Gippsland Highway, Dandenong South, they also have a display at, The Home Innovations Display Centre, Site 16 Cnr Nepean Highway & Bungower Road, Mornington.
