

Set the Mood

Beacon have great garden, pool and landscape lighting ideas which set the mood for outdoor entertaining.

Sometimes overlooked and often underestimated, lighting is a key element in effective interior design. It must provide the function, atmosphere and flexibility to suit your individual requirements. At Beacon Lighting they offer a lighting design service, where expert consultants work on-site or from plans, to develop a comprehensive lighting plan and give you the right advice to ensure a total lighting solution and the look you're after.

Keeping up to date with architectural developments, housing and property trends and interior design and lifestyle principles, Beacon Lighting's vast range of high quality light fittings comprises, contemporary fittings for modern and traditional applications, stunning chandeliers, table lamps and task lighting.

Have Your Blinds "Tailor" Made

Blinds Tailor Made, owned and operated by Talar and Stephanie Harrison are specialists in interior window treatments.

They can help you with roman and roller blinds, timber and venetian blinds, sunscreen blinds & much more.

Talar has over 10 years experience in the window treatment industry and recently brought back more great ideas from the World Trade Fair for

blinds in Stuttgart.

Blinds Tailor Made offer a factory direct service so their pricing is very competitive and the service and attention to detail is second to none.
