The Complete Furnishing Package in Mt Eliza

Eliza Interiors in Mt Eliza, designs and custom-makes furniture – lounge and dining suites, occasional chairs, ottomans, barstools and more - and they also supply window coverings which completes the soft furnishing package.

Proprietors Maryanne and Peter are locals, Maryanne is a qualified interior decorator and Peter has been in the furniture industry for more than 30 years. Because they make the furniture themselves they will go out to their customers home with fabric, colour and timber samples to help them make the correct choices.

They use Australian hardwoods and quality materials ensuring that the furniture is made to last - so much furniture available out there is not any more – and combined with their commitment to service, it makes even more sense to shop locally at Mt Eliza.
